Index of the Contents of Some Sinaitic Syriac Manuscripts

Alexander Hourani

2016

Notice:

I started studying the manuscripts of Sinai around 2001. I used the microfilms found at Jafet Library of the American University of Beirut. The microfilms were copies of Arabic manuscripts only.

After 2014, I studied the digitized microfilms of the Syriac manuscripts found at the website of the Library of Congress. Based on this study, I made the following index of contents which I finished around 2016. It is not in its final form. However, I make it available here for the benefit of the scholars.
